ECB Introduction to Safeguarding

We are pleased to also launch the 'Introduction to Safeguarding', the ECB's new online safeguarding course for all individuals in the game.

This free course is available for everyone involved in cricket. With this in mind, we invite you, and everybody at your club or organisation, to complete our online Introduction to Safeguarding. The training provides basic knowledge and advice in creating a safe cricket environment for everyone, recognising signs of abuse, what to do if you have any concerns or if you are approached by anyone with concerns that they may have.

This training should take around 30 minutes to complete and is accessible on a laptop, tablet or mobile phone.

You can access this training by going to the ECB website -
